# Contents

## NUMBER 1 FEBRUARY 1988

1 Determination of the oxygen cost of level walking
*D. Linnarsson, E. Mattsson, L. Eklöf, L. Broman, M. Broman and L.-Å. Broström*

11 Effects of chronic dobutamine administration on the response to acute exercise in dogs
*M. D. McKirnan, C. L. Stebbins and J. C. Longhurst*

21 Influence of vibration on endurance of maximal isometric contraction
*B. Samuelson, L. Jorfeldt and B. Ahlborg*

27 Inosine causing insulin release and increased myocardial uptake of carbohydrates relative to free fatty acids in dogs
*O. A. Smiseth, P. Gunnes, T. Sand and O. D. Mjøs*

39 The Q-o$T_c$ and Q-$T_c$ interval and ionized calcium in newborns
*N. Nelson and L. Illés*

47 Diagnostic value of longterm ambulatory ECG in patients with syncope, dizziness or palpitations
*I. Ringqvist, T. Jonason, G. Nilsson and A. R. Kahn*

57 Right and left ventricular performance during endotoxin-induced pulmonary hypertension in sheep
*P. C. Hüttemeier, K. Eliasen, C. Ringsted, T. Mogensen, H. Jensen and S. Levin Nielsen*

67 Effect of oral administration of nifedipine on neuropeptide Y- and noradrenaline-induced vasoconstriction in the human forearm
*J. Pernow, J. M. Lundberg and L. Kaijser*

77 Time course and nature of postprandial haemodynamic changes in normal man
*C. de Mey, S. Hansen-Schmidt, D. Enterling and I. Meineke*

89 Continuous and stepwise cystometry through suprapubic catheters—effect of infusion pattern and infusion rate on the cystometrogram of the normal human bladder
*S. Andersson, P. Bjerle, J. Hentschel, A. Kronström and U. Niklasson*

97 Instructions to authors

## NUMBER 2 APRIL 1989

99 Age-dependency of left ventricular filling dynamics and relaxation as assessed by pulsed Doppler echocardiography
*Y. Myreng and S. Nitter-Hauge*

107 Does $\alpha_1$-adrenergic blockade influence regional blood flow regulation in hearts with coronary artery occlusion?
*J. Westby, P. Kvitting, S. Birkeland, K. Grong and J. Lekven*

121 Relation of running distance to plasma HDL-cholesterol level in middle-aged male runners
*M. Higuchi, K. Iwaoka, T. Fuchi, S. Kobayashi, T. Tamai, H. Takai and T. Nakai*

131 Diet-induced thermogenesis in patients with liver cirrhosis
*L. S. Eriksson, A. Thörne and J. Wahren*

143 Pulmonary vascular resistance rises with lung volume on exercise in obstructed airflow disease
*F. V. Schrijen, A. Henriquez, D. Carton, N. Delorme and J. Butler*

151 $^{99}$Technetium$^{m}$ DTPA does not break down during ultrasound nebulization
*S. Groth, H. Funch-Rosenberg, J. Mortensen and N. Rossing*

161 Evaluation of intermittent drainage of the renal pelvis as seen in the isotope renogram
*G. Granerus, K. Mâre and L. Sohtell*

171 Measurement of glomerular filtration rate in adults: accuracy of five single-sample plasma clearance methods
*M. Rehling and A. Rabøl*

183 The veno-arteriolar reflex in free skin flaps
*N. Zoltie, C. Young, I. Faris and E. Tan*

189 A modified method of curve analysis in foot volumetry and its reference values
*L. H. Brudin, I. M. Landgren, M. Bengtsson and P. Ohlin*

199 Instructions to authors

## NUMBER 3 JUNE 1989

Hypothesis

201 Coffee, catecholamines and cardiac arrhythmia
*Å. Wennmalm and M. Wennmalm*

Original communications

207 Arm and leg composition determined by computed tomography in young and elderly men
*C. L. Rice, D. A. Cunningham, D. H. Paterson and M. S. Lefcoe*

221 Colloid osmotic and hydrostatic pressures and energy metabolism in high-protein joint swelling. A preliminary study of traumatic effusions of the knee
*A. Harilainen, J. Ahlqvist, M. Lalla, P. Myllynen and P. Rokkanen*

233 Nitrogen dead space in heavy smokers aged 44–58 years
*H.-E. Rosberg, R. Wiberg and M. Arborelius Jr*

243 Cigarette smoke-induced evaluation of plasma neuropeptide Y levels in man
*A. Rudehill, A. Franco-Cereceda, A. Hemsén, M. Stensdotter, J. Pernow and J. M. Lundberg*

249 Testing of autonomic cardiovascular regulation—methodological considerations
*J. Mustonen, E. Länsimies, M. Uusitupa, S. Talwar, S. Hyödynmaa and A. Kärkkäinen*

259 Impaired responses of plasma catecholamines to exercise in diabetic patients with abnormal heart rate reactions to tilt
*B. Bergström, P. Manhem, B. Bramnert, B. Lilja and G. Sundkvist*

269 Hypotension induced by central hypovolaemia and hypoxaemia
*L. B. Rowell and J. R. Blackmon*

279 Arterio-venous concentration difference of [$^{51}$Cr]EDTA after a single injection in man. Significance of renal function and local blood flow
*M. Rehling, L. Hyldstrup and J. H. Henriksen*

289 On the consistency of ECG reports from two different computer-based ECG recorders
*A. Jakobsson, O. Pahlm, L. Reichert, L. Edenbrandt and B. Nilsson*

295 Diet-induced thermogenesis in well-trained subjects
*A. Thörne and J. Wahren*

Short communication
307 Infusion of adenosine provokes myocardial ischaemia in patients with ischaemic heart disease
*A. Edlund, E. Stråât and P. Henriksson*

313 Instructions to authors

## NUMBER 4 AUGUST 1989

Hypothesis
315 Cardiac hypertrophy: from fetal to fatal?
*A. Waldenström, K. Schwartz and B. Swynghedauw*

Original communications
321 Beta-adrenergic blockade does not influence the thermogenic response to a mixed meal in man
*A. Thörne and J. Wahren*

333 Variability in muscle fibre areas in whole human quadriceps muscle: how to reduce sampling errors in biopsy techniques
*J. Lexell and C. C. Taylor*

345 Does mitochondrial compartmentation of $CO_2$ exist in man?
*N. J. Fuller and M. Elia*

353 Body composition measurement by dual photon absorptiometry: comparison with body density and total body potassium measurements
*C. Hassager, S. Sølvsten Sørensen, B. Nielsen and C. Christiansen*

361 Vasodilatation in human skin induced by low-amplitude high-frequency vibration
*C. R. Skoglund*

373 Determination of blood pressure level and changes in physiological situations: comparison of the standard cuff method with direct intra-arterial recording
*V. Turjanmaa*

389 Single and multiple breath nitrogen wash-out—closing volume and volume of trapped gas for detection of early airway obstruction
*M. Dahlqvist, R. Alexandersson, J. Nielsen and G. Hedenstierna*

Short communication
399 Plasma concentrations of adrenaline, noradrenaline and dopamine during forearm dynamic exercise
*O. J. Hartling, H. Kelbæk, T. Gjørup, M. Damkjær Nielsen and J. Trap-Jensen*

405 Instructions to authors

## NUMBER 5 OCTOBER 1989

Review article
407 New aspects on atelectasis formation and gas exchange impairment during anaesthesia
*G. Hedenstierna*

Original communications
419 Cardiac repolarization properties during standardized exercise test as studied by QT, QT peak and terminated T-wave intervals
*K. Sundqvist and C. Sylvén*

427 Cardiovascular and metabolic response to adrenaline infusion in weight-losing patients with and without cancer
*C. Drott, H. Persson and K. Lundholm*

441 Chest pain and oesophageal pressure relationships in man following an intravenous bolus of adenosine
*A. Melcher and C. Sylvén*

449 Atrial natriuretic factor during exercise in male endurance athletes: effect of training
*B. Vollmer-Larsen, A. Vollmer-Larsen, O. Graff Larsen, L. Breum, J. Larsen and N. Keller*

457 Limitation of finger systolic pressure measurement as a diagnostic test for primary Raynaud's phenomenon in a female population
*J. Leppert*

467 Fluorescein angiography and distal arterial pressure in patients with arterial disease of the legs
*L. Wallin, F. Lund and H. Westling*

481 Meal-induced thermogenesis in obese patients before and after weight reduction
*A. Thörne, D. Hallberg and J. Wahren*

499 Does post-tetanic potentiation compensate for low frequency fatigue?
*H. J. Green and S. R. Jones*

515 Instructions to authors

## NUMBER 6 DECEMBER 1989

517 Arm and ankle blood pressure response to treadmill exercise in normal people
*J. Engvall, E. Nylander and B. Wranne*

525 Role of leg vasculature in the cardiovascular response to arm work in wheelchair-dependent populations
*S. M. Kinzer and V. A. Convertino*

535 Local skin pressure and its effects on skin microcirculation as evaluated by laser–Doppler fluxmetry
*V. Schubert and B. Fagrell*

547 Blood volume after coronary artery bypass grafting
*T. Ivert, S. K. Pehrsson, C. Landou, S. Magder and A. Holmgren*

555 Exercise thallium-201 scintigraphy in the localization of myocardial ischaemia
*P. Korkeila, E. Hietanen, S. Parviainen, R. Virkki and J. Hartiala*

567 Intrathoracic microvascular circulation in haemorrhagically shocked rats. Studies by fluorescence techniques
*L. Perbeck, F. Lund and L. Thulin*

581 Measurement of carboxyhaemoglobin by spectrophotometry and gas chromatography
*M.-B. Johansson and P. Wollmer*

587 Instructions to authors

589 Author index
